

TuffStuff's New Kids Stuff
Dare To Compare!!!
Kids Stuff vs. Hoist Kids Line & Hydraulic Systems

Kids Stuff Features & Benefits
Compared To Hoist Kids Line

- 1) More Machines and Options Available (not just 7 machines plus 2 benches)
- 2) Not locked in to buying full circuit...pick the pieces you want or need.
- 3) Color Coated Safety Weight Stacks With Magnetic Pins
- 4) Noise Reduction Rubber Safety Spacers
- 5) Upgradeable Weight Stacks
- 6) Units Ship Assembled at No Extra Charge
- 7) Options For Selected Frame & Pad Colors at No Extra Charge
- 8) Embroidered Wear Covers for Pads Available to help promote Gym, School or Program Name (optional...up charge required)
- 9) 5% Discount for 5 or More Units Purchased
- 10) Singles or Dual Function Options available on most models.
- 11) Simple, Quick & Effective Seat Pad and Back Pad Adjustments to Accommodate Younger or Older Students
- 12) Quick Adjust Weight Stacks From Users Seat Position
- 13) Fits Over Weight Kids Comfortable, No Hard To Reach Foot Plate or Starting Angles, Fits Smaller Kids Better
(Optional Wheel Kit Available)

Kids Stuff Features & Benefits
Compared To Hydraulic Circuits

- 1) Better Results...Independent Control of Speed & Resistance Both Directions, Cams on Most Stations
(Speed Usually a Factor required to Get More Resistance on Hydraulic Product)
- 2) More Entertaining & Motivational For Kids To See Weights Move (Kids See Results)
- 3) No Squeaky Cylinders
- 4) No Inconsistent Feel Between Cylinders (as rubber disintegrates or fluid is used up...resistance changes from cylinder to cylinder)
- 5) Hydraulic Cylinders Can Leak and Stain if Seal Breaks
- 6) Kids don't out grow machine resistance...works effectively for Teens or Younger Users...Also Fits Older Kids Better.
- 7) Better Biomechanics compared to most hydraulic machines.
- 8) Easier to track measurable results than hydraulic systems
